

Message

```
graph BT; A[caffe::SolverParameter] --> B[Message];
```

A diagram illustrating a relationship between two classes. At the bottom is a gray rectangular box with a black border containing the text `caffe::SolverParameter`. At the top is a white rectangular box with a gray border containing the text `Message`. Two dark blue curved arrows originate from the top edge of the `caffe::SolverParameter` box and point upwards towards the bottom edge of the `Message` box, indicating that `caffe::SolverParameter` inherits from or implements `Message`.

`caffe::SolverParameter`
