

Message

```
graph BT; A[caffe::LossParameter] --> B[Message];
```

A diagram illustrating a relationship between two classes. At the top is a white rectangular box with a thin black border containing the text "Message". Below it is a gray rectangular box with a thick black border containing the text "caffe::LossParameter". Two dark blue curved arrows originate from the top edge of the gray box and point upwards towards the bottom edge of the white box, indicating that "caffe::LossParameter" inherits from or implements "Message".

caffe::LossParameter
