

Message

```
classDiagram
    class Message
    class caffe_SliceParameter["caffe::SliceParameter"]
    caffe_SliceParameter --|> Message
```

The diagram illustrates a class hierarchy. At the top is a white rectangular box labeled "Message". Below it is a gray rectangular box labeled "caffe::SliceParameter". Two dark blue arrows originate from the top edge of the "caffe::SliceParameter" box and point upwards to the bottom edge of the "Message" box, indicating that "caffe::SliceParameter" inherits from "Message".

caffe::SliceParameter
